## VOLUME 68: SUBJECT INDEX

- Abuse**, false allegations, and Munchausen syndrome by proxy, 444
- Accidents**, pedestrian, prevention, 669
- Achalasia of the cardia**, current results of surgery, 749
- Acid clearance**, delaying, role of hiatal hernia, 662
- Adams-Oliver syndrome**, near fatal haemorrhage from superior sagittal sinus: *correspondence*, 433
- Adenosine**, increased concentrations, and fetal anaemia, 35 *fn*
- Adenovirus type 8 conjunctivitis**, outbreak in neonatal intensive care unit, 610 *fn*
- Adhesion molecules**, diversity in regulation in monocytes and neutrophils, neonates/adults, 561 *fn*
- Adolescence**, alcohol abuse, update: *annotation*, 341
- Adrenal insufficiency/alacrima/achalasia (3A) syndrome**, neurological and adrenal dysfunction, 779
- Aerosol antibiotic treatment in cystic fibrosis**: *personal practice*, 788
- Airway stenosis**, acquired, newborn infants, endoscopic balloon dilatation, promising treatment, 37 *fn*
- Alcohol**  
abuse, in adolescence, update: *annotation*, 341  
and the European fetus: *Archivist*, 375
- Allergy**, wheezing, and infant feeding, 724
- Alloimmune neutropenia**, delayed umbilical cord separation, 52 *fn*
- Allowances**, for care for children with cystic fibrosis: *current topic*, 144
- Alopecia**, scarring, in neonates, as consequence of hypoxaemia-hypoperfusion, 591 *fn*
- Amino acid solution** (Vamin 9), causing hyperphenylalaninaemia, outcome, 579 *fn*
- Amino acids**, brain uptake, in intravenously fed preterm infants: *correspondence*, 340 *fn*
- Amniocentesis**, and the fetal lung: *Archivist*, 110
- Amniotic fluid volume changes**, transplacental transfer of cefuroxime, 54 *fn*
- Amyloid A protein**, serum, in acute viral infections, 210
- Anaemia**  
and end stage renal failure, cardiac abnormalities, 637  
fetal, and its relation with increased concentrations of adenosine, 35 *fn*  
short term correction with recombinant human erythropoietin and reduction of cardiac output in end stage renal failure, 644
- Androgen insensitivity syndrome**: *annotation*, 343  
partial, carrier status, phenotypic variation and detection, 453
- Anti-HLA antibodies**, development after multiple transfusions, preterm infants, 49 *fn*
- Antibiotic prophylaxis in urinary tract infection**, compliance, 235
- Antibiotic treatment**, aerosol, in cystic fibrosis: *personal practice*, 788
- Applied potential tomography**, for measurement of gastric emptying in infants with pyloric stenosis, 484
- Archives of Disease in Childhood*  
fetal and neonatal edition, six times per year from 1993: *editorial*, 69  
the journal develops: *editorial*, 69
- Ascites**, pancreatic, resolution with octreotide, 135
- Aseptic meningitis**, caused by human parvovirus B19, 784
- Asians**, and cystic fibrosis, 120
- Aspergilloma**, cerebral, in child with autosomal recessive chronic granulomatous disease, 412
- Asphyxiated full term infant**, management: *personal practice*, 612
- Asthma**  
genetics: *annotation*, 721  
nedocromil sodium, double blind, placebo controlled study, 193  
neurokinin receptor antagonism: *Archivist*, 457  
new breath actuated inhaler device, 477  
severe steroid dependent preschool, nebulised budesonide treatment, 356  
short term growth during steroid treatment, 673  
sleep characteristics, first four years of life, comparative study, 481  
viral induced attacks, prevention using inhaled budesonide, 85
- Athletes**, elite, low injury rates, 130
- Atopic eczema**, and growth, 677
- Atopy**, bronchial responsiveness, and symptoms, in wheezy 3 year olds: *correspondence*, 432
- Audit**  
and evaluation, paediatric disability service, 379  
of paediatric cardiopulmonary resuscitation, 487  
of screening for congenital hypothyroidism: *correspondence*, 432, 525, 715
- Autosomal recessive anomaly**, new, mimicking Fanconi's anaemia phenotype, 101
- Autosomal recessive chronic granulomatous disease**, in a child, and cerebral aspergilloma, 412
- Babies** can count, and possess mathematical abilities: *Archivist*, 422
- Bacterial meningitis**  
acute, computed tomography: *Archivist*, 495  
epidemiology, 763
- Ballantyne, Dr John (1861-1923)**, perinatologist extraordinary of Edinburgh: *perinatal lessons from the past*, 66 *fn*
- Balloon dilatation**, endoscopic, of acquired airway stenosis, newborn infants, promising treatment, 37 *fn*
- Barium swallow and echocardiography**, in vascular compression of the trachea, complementary roles, 171
- Batteries**, swallowed: *Archivist*, 528
- Beclomethasone dipropionate**, treatment, short term growth during, 673
- Behaviour**, and snoring and sleep disturbance, 4-5 year olds, 360
- Biochemical screening in newborn siblings of cases of SIDS**: *current topic*, 793
- Biofeedback training in chronic constipation**, 126
- Birthweight**  
extremely low, should we look after babies less than 800 g: *personal view*, 326 *fn*  
very low  
infant developing chronic lung disease, pulmonary artery pressure changes, 303 *fn*  
outcome at 8 years, 286 *fn*
- Bone marrow transplantation**, growth and growth hormone secretion after, 458
- Bone mineralisation**, increased, after nutrient enriched formula, 573 *fn*
- Bone tumour**, determinants of symptom interval, 771
- Bowel habit**, development, preterm infants, 317 *fn*
- Brain tumours**, determinants of symptom interval, 771
- Brain uptake of amino acids**, in intravenously fed preterm infants: *correspondence*, 340 *fn*
- Breast feeding**, healthy 4 day old infants, plasma cholecystokinin concentrations after, 46 *fn*
- Breath actuated inhaler device**, new, in acutely wheezy children, 477
- British Paediatric Association report on manpower**: *annotation*, 70
- Bronchial responsiveness**, atopy, and symptoms, in wheezy 3 year olds: *correspondence*, 432
- Bronchiolitis**, acute, treatment with Chinese herbs, 468
- Bronchopulmonary dysplasia**  
preterm infants at risk, dexamethasone treatment, 566 *fn*  
preterm infants, effectiveness and side effects of dexamethasone: *personal practice*, 330 *fn*
- Budesonide**  
inhaled, for prevention of viral induced asthma attacks, 85  
nebulised  
for croup, double blind, placebo controlled study, 352  
in severe steroid dependent preschool asthma, 356
- C reactive protein**, and neutrophil band forms, neonates: *correspondence*, 619 *fn*
- Cancer**, childhood, determinants of symptom interval, 771
- Cardiac abnormalities**, in end stage renal failure and anaemia, 637
- Cardiac function**, in shocked very low birthweight infants, echocardiographic assessment, 17 *fn*
- Cardiac rhabdomyomas**, and their association with tuberous sclerosis, 367
- Cardiopulmonary resuscitation**, paediatric, audit, 487
- Cardiovascular disease**, fetal and infant origins: *current topic*, 797
- Career in paediatrics**, survey of paediatric senior house officers, England and Wales, 752
- Carrier status**, in partial androgen insensitivity syndrome, phenotypic variation and detection, 453
- Catecholamine**, plasma, changes after massage, preterm infants, 29 *fn*
- Caustic ingestion**: *annotation*, 157
- Cefuroxime**, transplacental transfer, in uncomplicated pregnancies, hydrops or amniotic fluid volume changes, 54 *fn*
- Cerebral aspergilloma**, in child with autosomal recessive chronic granulomatous disease, 412
- Cerebral blood flow velocity**  
monitoring, in pyogenic meningitis, 111  
respiration induced variability, factors associated with, 312 *fn*
- Cerebral palsy**  
and lower urinary tract dysfunction, 739  
posterior rootlet rhizotomy: *annotation*, 717
- CHARGE association**, and growth, 508
- Child abuse**, expert evidence, 712
- Child health**, community  
equity: *personal view*, 686  
growing pains: *personal view*, 140: *correspondence*, 803

- Child health services in the community, contracting for:** *current problem*, 517
- Children of HIV positive haemophilic men**, 133
- Chinese herbs**, for acute bronchiolitis, 468
- Cholecystokinin**, plasma concentrations, after breast feeding in healthy 4 day old infants, 46 *fn*
- Chromosome 22**, and congenital heart disease: *Archivist*, 431
- Chronic fatigue syndrome**, fatigue, depression, and social adjustment, 384
- Chronic granulomatous disease**, autosomal recessive, in a child, and cerebral aspergilloma, 412
- Chronic renal failure**, protein restriction, 371
- Combined immunodeficiency**, and growth hormone deficiency, 231
- Community child health**  
equity: *personal view*, 686  
growing pains: *personal view*, 140: *correspondence*, 803
- Computed tomography**, in acute bacterial meningitis: *Archivist*, 495
- Congenital heart disease**  
and chromosome 22: *Archivist*, 431  
failure to thrive: *annotation*, 158  
physiology: *current topic*, 707
- Congenital hypothyroidism**, audit of screening: *correspondence*, 715
- Conjunctivitis**, adenovirus type 8, outbreak in neonatal intensive care unit, 610 *fn*
- Constipation**, chronic, biofeedback training, 126
- Consultant paediatric outreach clinics**, practical step in integration, 496
- Continuous positive airway pressure**, nasopharyngeal, retropharyngeal abscess secondary to, preterm neonate: *correspondence*, 620 *fn*
- Contracting for child health services in the community:** *current problem*, 517
- Cord**, umbilical, care, use of antiseptics, variation, outcome, 594 *fn*
- Coronary risk factors**, schoolchildren, 182
- Corticosteroid treatment in cystic fibrosis:** *annotation*, 719
- Cortisol**, plasma, changes after massage, preterm infants, 29 *fn*
- Cot death**, to infant triggered ventilation: *anatomy of discovery*, 420
- Counted data (1):** *statistics from the inside*, 246
- Counted data (2):** *statistics from the inside*, 800
- Counting**, babies ability: *Archivist*, 422
- Cows' milk induced intestinal bleeding in infancy:** *current topic*, 240
- Creatinine related reference ranges for urinary homovanillic acid and vanillylmandelic acid**, 6 months of age, 376
- Crohn's disease**, aetiology: *annotation*, 623
- Croup**  
nebulised budesonide, double blind, placebo controlled study, 352  
steroids: *Archivist*, 355
- Crying**, excessive, infants, objective confirmation of crying durations, 83
- Curriculum**, national, and physical education: *current topic*, 428
- Cycle helmets:** *current topic*, 237
- Cyclosporin** related neurological complications, unusual, in recipients of liver transplants, 405
- Cystic fibrosis**  
aerosol antibiotic treatment: *personal practice*, 788  
allowances for care: *current topic*, 144  
in Asians, 120  
corticosteroid treatment: *annotation*, 719  
and Epstein-Barr virus: *Archivist*, 524  
gene therapy: *annotation*, 437  
high lipase/standard pancreatic enzyme preparation compared, 227  
identified by neonatal screening, incidence, genotype, and early natural history, 464  
and liver cirrhosis, therapeutic implications and long term follow up, 653  
pancreatic enzyme supplementation: *correspondence*, 150  
patients with diabetes, preservation of somatostatin secretion, 123  
raised soluble serum IL-2 receptor concentrations: *correspondence*, 150  
resting energy expenditure and substrate oxidation rates, 754  
serum IL-1 $\alpha$  and soluble IL-2 receptor concentrations, 785  
sputum TNF- $\alpha$  and leukotriene concentrations, 389
- Cytomegalovirus**, primary infections, 408
- Cytomegalovirus myelitis**, in perinatally acquired HIV, 399
- Deep venous thrombosis** and transient protein S deficiency, during *Salmonella typhimurium* infection, 138
- Depression**, fatigue, and social adjustment, in chronic fatigue syndrome, 384
- Deprivation**, and multiple admission, 760
- Dermoids**, nasal, significance of midline punctum, 418
- Dexamethasone**  
in preterm infants at risk for bronchopulmonary dysplasia, 566 *fn*  
in preterm infants with bronchopulmonary dysplasia, effectiveness and side effects: *personal practice*, 330 *fn*
- DHAP-AT deficiency**, isolated, and rhizomelic chondrodysplasia punctata, 415
- Diabetes** associated cystic fibrosis, preservation of somatostatin secretion, 123
- Dialysis and transplant programme**, paediatric, psychosocial adjustment of adult survivors, 104
- Diarrhoea**, chronic, small intestinal biopsy in differential diagnosis, value: *correspondence*, 150
- DiGeorge syndrome** and Noonan's syndrome, with monosomy 22q11, 187
- Dihydroxyacetone phosphate acyltransferase (DHAP-AT)** deficiency, isolated, and rhizomelic chondrodysplasia punctata, 415
- Disability allowance**, for care for children with cystic fibrosis: *current topic*, 144
- Disability living allowance**, new: *annotation*, 73
- Disseminated intravascular coagulation** associated with sepsis: *annotation*, 621
- Dowie report on manpower:** *annotation*, 70
- Drowning**, risk, for children with epilepsy, 684
- Drug abuse**, children and adolescents, update: *correspondence*, 434
- Drugs**, delivering into respiratory tract: *annotation*, 441
- Duchenne muscular dystrophy**, dystrophin positive fibres, functional significance, 632
- Dummies**, and sudden infant death syndrome, 501
- Dyscalculia**, developmental, gender, and the brain: *current topic*, 510
- Dysplasia**, bronchopulmonary, preterm infants at risk, dexamethasone treatment, 566 *fn*
- Dystrophin** positive fibres, in Duchenne muscular dystrophy, functional significance, 632
- Echocardiographic assessment** of cardiac function in shocked very low birthweight infants, 17 *fn*
- Encephalitis**, measles, during immunosuppressive treatment for acute lymphoblastic leukaemia, 775
- Encephalopathy**, rapidly fatal, with shigella infection: *Archivist*, 252
- End stage renal disease**, paediatric dialysis and transplant programme, psychosocial adjustment of adult survivors, 104
- End stage renal failure**  
and anaemia, cardiac abnormalities, 637  
reduction of cardiac output and short term correction of anaemia with r-HuEpo, 644
- Endoscopic balloon dilatation** of acquired airway stenosis, newborn infants, promising treatment, 37 *fn*
- Endotracheal intubation**, infants, lack of lipolytic response after, 402
- Enemas**, in childhood, and hyperphosphataemia, prevention and treatment, 233
- Epilepsy**  
in children, and risk of drowning, 684  
and teachers: *correspondence*, 715
- Epstein-Barr virus**  
and cystic fibrosis: *Archivist*, 524  
primary infections, 408
- Equity** and community child health: *personal view*, 686
- Ergot of rye**, Adam Neale (c1780-1832): *perinatal lessons from the past*, 617 *fn*
- Erythropoietin**, recombinant human  
double blind trial, preterm infants, 291 *fn*  
in short term anaemia correction and reduction of cardiac output in end stage renal failure, 644
- Essential fatty acid deficiency**, prevention, transcutaneous application of oil, preterm infants, 27 *fn*
- Evaluation** and audit, paediatric disability service, 379
- Exogenous surfactant**, how does it work: *annotation*, 253 *fn*
- Expert evidence**, in child abuse cases, 712
- Extracorporeal life support** in paediatrics, 94
- Extremely low birthweight babies**, should we look after: *personal view*, 326 *fn*
- Extubation**, in acute and chronic respiratory distress, randomised trial of methods, 570 *fn*
- Eye injury**, perforating, aetiology, 682
- Facemask ventilation** immediately after birth, pulmonary gas exchange, 11 *fn*
- Failure to thrive**, in congenital heart disease: *annotation*, 158
- Fanconi's anaemia phenotype**, new autosomal recessive anomaly mimicking, 101
- Fatigue**, depression, and social adjustment, in chronic fatigue syndrome, 384
- Febrile illnesses**, respiratory rate, effect of temperature reduction, 492
- Feeding**, infant, wheezing, and allergy, 724
- Fetal anaemia** and its relation with increased concentrations of adenosine, 35 *fn*
- Fetal origins of cardiovascular disease:** *current topic*, 797
- Fibronectin**, plasma, decreased concentrations in preterm infants with septicemia, 557 *fn*
- Fisher's exact test** in statistics, 800
- Flattened heads**, preterm infants, 606 *fn*
- Flow cytometry**, in rapid diagnosis of malignancy, 393
- Fluticasone propionate**, treatment, short term growth during, 673
- Fourth metatarsal**, and Rett syndrome: *correspondence*, 433

- Fructose breath hydrogen tests**, 136
- Gall bladder contractility**, preterm infants, 43 *fn*
- Gastric emptying**, measurement in infants with pyloric stenosis, using applied potential tomography, 484
- Gastro-oesophageal reflux** associated with severe mental retardation, operation for, 347
- Gastrointestinal morbidity** and growth after repair of oesophageal atresia and tracheo-oesophageal fistula, 163
- Gastroschisis**, influence of place of delivery on outcome in babies with, 321 *fn*
- Gene therapy**, for cystic fibrosis: *annotation*, 437
- Genetics**, of asthma: *annotation*, 721
- Gestational age** at birth, biased assessment when obstetric gestation is known, 32 *fn*
- Glucagon**, intravenous, metabolic effects, 255 *fn*
- Glucoregulation**, neonatal, role of pancreatic insulin secretion  
disordered blood glucose homeostasis, 280 *fn*  
healthy term and preterm infants, 274 *fn*
- Glucose-6-phosphatase**, abnormal expression, preterm infants, 202
- Glucose**  
homeostasis, and pancreatic insulin secretion in neonatal glucoregulation, 280 *fn*  
neonatal blood concentrations, metabolic effects of intravenous glucagon and intragastric medium chain triglyceride, 255 *fn*
- Granulomatous disease**, chronic, autosomal recessive, in a child, and cerebral aspergilloma, 412
- Growing pains** of community child health: *personal view*, 140: *correspondence*, 803
- Growth**  
in atopic eczema, 677  
in CHARGE association, 508  
curves, for Laron syndrome, 768  
and growth hormone secretion, after bone marrow transplantation, 458  
short term, during treatment with steroids for asthma, 673
- Growth hormone deficiency**, and combined immunodeficiency, 231
- Growth hormone treatment**  
compliance, 91  
intermittent versus continuous administration, 783  
metabolic effects, early predictor of growth response?, 205  
optimum method: *correspondence*, 152  
patient knowledge and compliance: *correspondence*, 525
- Haemophilia**, and HIV infection, European cohort: *special report*, 521
- Haemophilic men**, HIV positive, and their children, 133
- Haemophilus influenzae** type b vaccine for infants: *annotation*, 440
- Haemorrhage**, near fatal, from superior sagittal sinus, in Adams-Oliver syndrome: *correspondence*, 433
- Haemorrhagic shock encephalopathy**, or near miss sudden infant death syndrome? *correspondence*, 526
- Hair loss** in children: *personal practice*, 702
- Head injury**, severe, management and outcome, Trent region, 1985-90: *correspondence*, 803
- Heads**, flattened, preterm infants, 606 *fn*
- Health services**, children, Northumberland, and measurement of social inequalities, 626
- Hearing**, assessment after bacterial meningitis: *correspondence*, 433
- Height velocity**, prepubertal, references over a wide age range: *correspondence*, 803
- Hepatitis**, positive serologies, with treatment for Kawasaki syndrome: *correspondence*, 151
- Hepatitis C virus**  
and HIV, dizygotic twins discordant for, 507  
role in chronic non-A, non-B hepatitis, 219
- Hepatobiliary diseases**, screening, and 'well baby' review: *correspondence*, 152
- Hiatal hernia**, role in delaying acid clearance, 662
- HIV**  
and hepatitis C virus, dizygotic twins discordant for, 507  
infection in haemophilia, European cohort: *special report*, 521  
perinatally acquired, and cytomegalovirus myelitis, 399  
positive haemophilic men, and their children, 133  
related thrombocytopenia, continuous infusion of zidovudine: *correspondence*, 525  
and tuberculosis, hypersensitivity to thiacetazone treatment, children, Zambia, 665
- HLA**, antihuman antibodies, development after multiple transfusions, preterm infants, 49 *fn*
- Homovanillic acid**, urinary, creatinine-related reference ranges, 6 months of age, 376
- Hormonal and metabolic response** to hypoglycaemia, in small for gestational age infants, 269 *fn*
- Hospital admission**, multiple, and deprivation, 760
- Human herpesvirus-6**, primary infections, 408
- Human parvovirus B19**, causing aseptic meningitis, 784
